*A sweet Apple*

Ranu was a sweet, little girl. She loved playing with her mother.

One evening she went for a walk with her mother.  
While they were walking they saw a big apple  
orchard.

Do you know what is an **orchard** ?

It is a garden of fruits.

Ranu was happy to see red apples hanging from the tree. She saw apples on the ground. Few children were collecting those apples in their baskets.

Ranu also wanted to pick some apples. She asked her mother and picked a few.

Ranu and her mother then came back home. She wanted to taste an apple. Her mother asked her to wash the apple.

Ranu's mother took an apple and cut into small pieces. Ranu ate the apple. The apple was very sweet and juicy.

*Children, do you like to eat apples?*

*You must eat apples every day. It is good for your health.*

*Now children, let us make a smiling apple*

**To make this apple.....draw an apple and colour it red.**

**Take two big , black bindis from your mother. Make the eyes of the apple with these bindis. Now make a lip with a black sketch pen.**

**Your smiling apple is ready.**
